

3D Scanning and Inspection for the Factory

DISCOVER 3D SMART SENSORS

Please join us at Industrial Control's Training Center for LMI 3D Vision training course. We welcome in-person presenter, Chris Hooper from LMI Technologies, Inc, the Global leader in 3D Scanning and Inspection. We will have active demos running and simulator projects to walk through. There is limited space and availability so register today.

WHERE: Industrial Control 9267 Riley St. Zeeland, MI 49464

WHEN: April, 27th, 2023, 9AM - 2PM (Lunch will be provided)

**Please bring your laptop to load a free copy of Gocator Emulator Software

WHAT'S ON THE AGENDA

- **Camera Setup**
- **Image Acquisition**
- **Software Overview**
- **Measurement Tool Overview**
 - Processing
 - Projection
 - Alignment
- **3D Profile Measurements**
- **Surface Measuring**
- **Multi Sensor Systems**
- **Communications**
 - Measurements
 - Detection
 - Recognition
